Loan Amounts

On the following page, you must indicate the amount and type of Federal Direct loan(s) that you are interested in receiving. Since student loans must be repaid with interest, the Financial Aid Office encourages you to understand the long-term effects of loans and to borrow only the amount you need. More information is available at the Financial Aid Office web site: [www.fao.siu.edu](http://www.fao.siu.edu). The maximum annual loan limits based on class level is listed below. Any amount borrowed for fall and/or spring will reduce the amount that you may be eligible to receive for summer.

❖ NOTE ❖

Graduate, Law and Physician Assistant students MUST ENROLL AND CONTINUE TO BE ENROLLED, FOR AT LEAST 3 CREDIT HOURS during summer semester to be considered for Federal Direct Stafford/Ford Loans. Failure to maintain at least 3 credit hours will result in all Federal Direct Stafford/Ford Loan funds being removed from your account. “WF” and “WU” grades can result in reduced credit hours and the removal of your financial aid. Financial aid cannot be reinstated if cancelled once the enrollment period has ended.

Summer financial aid is based upon an average enrollment of six (6) credit hours for graduate students, five (5) credit hours for law students, ten (10) credit hours for first year physician assistant students and six (6) credit hours for second year physician assistant students. If you are enrolled for more than the average enrollment and you have remaining Federal Direct Stafford/Ford Loan eligibility or have applied for a Private Alternative Loan, you may request an increase in your cost of attendance beginning June 19, 2023.
