UNDERGRADUATE SATISFACTORY PROGRESS ACADEMIC PLAN

Please Print:

Student Name _____ Dawg Tag # _____

Semester Appealing for Aid (check only one): Fall _____ Spring _____ Summer _____

Academic Advisor: _____ College/Major: _____

The following is a Satisfactory Progress Academic Plan of your requirements for completion of a degree. To support your appeal, this form must be approved and signed by your academic adviser in your current major. Below are the steps you should take in completing the Satisfactory Progress Academic Plan. **Note:** Your Academic Adviser may want to use their form or document if preferred. They may also require different steps for completion of a Satisfactory Progress Academic Plan.

- Look up the course requirements for your major and the suggested curricular guide in the Undergraduate Catalog online at <http://registrar.siu.edu/catalog/undergraduatecatalog.html>. You may need to consult an earlier edition of the catalog depending upon your catalog year, the year you began college.
- Print a copy of your unofficial transcript from SalukiNet and compare your transcript to the curricular guide to determine which courses you still need to take.
- Using a pencil, map out the remaining courses one semester at a time. Make sure the number of hours you plan for each semester is manageable. Check prerequisites to be sure you are taking the courses in the right order. For University Core Curriculum courses, you may indicate general disciplines (fine arts, humanities, social science) rather than specific courses.
- Transfer the courses and hours by semester to the Satisfactory Progress Academic Plan. Complete for each semester until you plan to graduate.
- Take the completed form to your academic adviser to have it reviewed, approved and signed.

The following should reflect what is required for this student to complete the requirements for their undergraduate degree.
